MISSION STATEMENT

It is the objective of PowerRail to provide Products and Services that meet our exemplary standards of Quality, Service, Delivery and Value, which consistently meet or exceed our customers' expectations.

PowerRail Holdings, Inc., together with its affiliates, Vendors/Partners (collectively "PowerRail") offers a wide range of aftermarket replacement parts for EMD and GE brand locomotives.

PowerRail does not claim to be an authorized distributor nor does it claim to sell any Genuine OEM factory parts. PowerRail claims no proprietary rights to, or affiliation with, any third party trademarks or logos which may appear in any of PowerRail's marketing materials.

20th Anniversary

POWERRAIL

CREATIVE INNOVATIONS...CONTINUING TRADITION
Est. 2003

To Our Valued Customers:

When I first began this endeavor in 2003, I never stopped to dream about what kind of growth we could experience 20 years down the road. I was motivated and determined to show the rail industry a new option for purchasing locomotive parts and components. Now, as we celebrate our 20th anniversary, I reflect on the expansion and development that this company has undergone, and I am in awe.

I am eternally grateful to the employees of PowerRail. Their dedication to this company and commitment to our success is what makes all of this possible. I am sincerely appreciative of YOU, our customers. Thank you for trusting us and giving us the opportunity to service your locomotive parts needs.

I am excited to introduce to you our latest catalog, featuring PowerRail products, enhancements, and capabilities. We continue to expand our product offerings and create enhancements to better serve our customers. As always, we are dedicated to providing the Rail, Power Generation, Transit, and Marine industries with an alternate source for true M-1003 Quality parts and components, with competitive pricing and delivered in a timely manner.

We are pleased to extend our offering of "Enhanced Products," developed by our Engineering team and coupled with our M-1003 AAR Quality Program. These products symbolize our attention to customers' needs and the importance in providing better solutions to current applications and cost savings, all while keeping quality at the forefront.

We continue to expand our innovative series of remanufactured parts and components and our "New-UX[®]" program, which allows customers the opportunity to upgrade old cores for new product. Our programs offer true value and quality with unsurpassed flexibility and cost effectiveness.

In an effort to better meet the needs of our customers, we now offer an online Customer Portal. View our product offerings, place orders, track your shipments, pay invoices and much more.

To request access, please register at WWW.ePowerRail.Com

Thank you for the opportunity to serve your needs. Should you have any questions regarding our new catalog or our product line, please feel free to contact me or any member of the PowerRail team.

Sincerely,

Paul P Foster

Paul P. Foster
CEO & Chairman of the Board

Emergency Backup Power T8 LED Tube
 Part #: SLS-UNV-EMB

- integrated battery backup power for emergency use
- designed to replace all external backup power ballasts and drivers to keep lighting ON in the event that the main voltage is off
- can be used for Facilities, Passenger Transit LRV, Locomotives and Cars
- incorporates test buttons to ensure battery is operational for Maintenance Personnel or Fire Marshal certification
- can be suited to operate on various voltages

75V DC LED Work Lights
 Part #: 16186821

Powered by the MU Outlet on the locomotive car body (or optional knife switch connector), these lights provide proper and safe lighting for your work crew when repairs are necessary in the field.

Features

- Twin LED 18Watt Lights
- OEM Style Light Housings
- Tiltable Magnetic Base with Safety Handle
- MU Connection for Power (Knife Switch optional)
- (2) 50' Power cord UL Listed Expandable
- Safety Locking Connectors UL Listed
- Made in USA

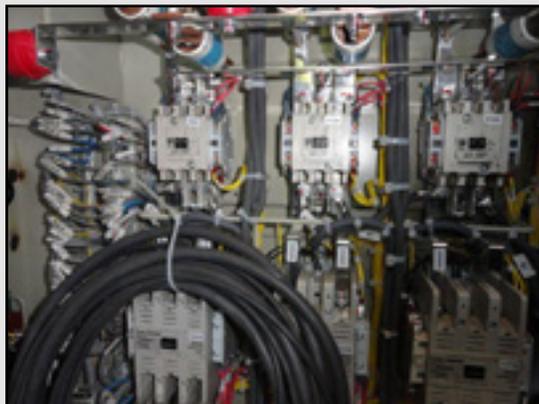

CABINETS - HIGH VOLTAGE

PowerRail proudly offers a complete line of New and Refurbished High Voltage Cabinets.

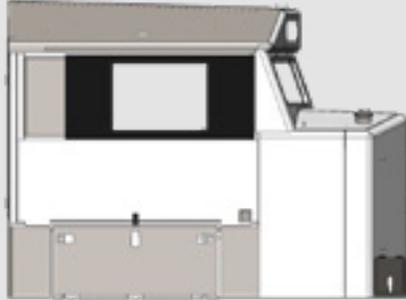

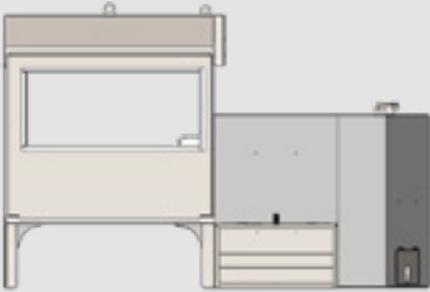

PowerRail's team of electricians has over 30 years of locomotive electrical experience.

Scope of work for refurbished High Voltage Cabinets includes stripping, cleaning, welding as required, painting, and assembling with breakers, resistors, capacitors, terminal lugs, wire and cable runs, as well as rebuilt contactors, switchgear, etc. to Customer's specifications.

CABS

Complete Line of Regular & New Crashworthiness Cabs, Frames and Fuel Tanks

CHEMICAL LINE

A complete line of biodegradable chemicals for the rail industry

PowerRail is dedicated to providing alternate solutions to the rail industry at competitive pricing. Our full line of ECO-FRIENDLY railroad chemistries are engineered exclusively for the production, cleaning, and maintenance of locomotives. We are proactive in providing products that eliminate hazardous waste and the subsequent environmental effects.

299 - WATER LEAK

Concentrated vivid tracing dye for use in detecting water leaks in water-cooled engines. Provides a vivid visual marker to trace and see the location of water leaks in normal lighting. Visibility is enhanced using a black light.

PowerRail P/N	Size	Comment
299TRACER-1	16 oz	Liquid - 12 Per Case

288 FUEL LEAK

Concentrated vivid tracing dye for use in detecting fuel leaks in diesel engines. Provides a vivid visual marker to trace and see the location of water leaks in normal lighting. Visibility is enhanced using a black light.

PowerRail P/N	Size	Comment
288-16-4	16 oz	Liquid - 4 Per Case
288-2-15	2 oz	Liquid - 15 Per Case
288-2-96	2 oz	Liquid - 96 Per Case

HEAT EXCHANGER INHIBITOR

Multi-metal safe corrosion inhibitor for use in locomotive diesel engine cooling systems to protect against premature failure due to corrosion. Inhibits corrosion of all metals including cast iron, steel, copper, brass, and solder.

810 - Packaged in convenient, safety-oriented sticks

PowerRail P/N	Size	Comment
810WATER-BX	15 lb	Stick 15 lbs per Box

571 OR 577

- Highly concentrated liquid inorganic rust inhibitor engineered for indoor storage of all iron and steel metal parts when additional corrosion, oxidation or rust protection is needed.*
- Specifically designed to provide in-process rust protection of parts and for short-term part storage.
- Provides superior rust protection in wash and final rinse sections of all aqueous industrial parts washers, from heated high-pressure spray cabinet and conveyORIZED systems, to free standing manual and immersion-type tanks.
- Compatible with most alkaline compounds when simultaneously used.
- Harmless to engines and equipment.

* 571 model is also safe for use on yellow and soft metals, in addition to iron and steel

LOCOMOTIVE EXTERIOR AND FACILITY WASH

BREAK

Ready-to-use, multipurpose, heavy-duty liquid detergent for cleaning all hard surfaces. Specifically formulated to clean oily residue and sooty grime found in factories, bathrooms, vehicles and offices. Virtually safe on all hard surfaces including: machinery, painted surfaces, wallpaper, counters, desks, and industrial fixtures. Contains no phosphates, is non-flammable, biodegradable and environmentally friendly.

PowerRail P/N	Size	Comment
BREAK-32	32 oz	Spray Bottle
BREAK-5	5 Gallon	Liquid

TOTAL

A heavy duty, aluminum safe, high pH, multipurpose degreaser and detergent capable of cleaning and degreasing everything from hard-surface concrete shop floors & walls, to industrial equipment, to company vehicles. Safe to use anywhere water is tolerable!

PowerRail P/N	Size	Comment
TOTAL-5	5 Gallon	Liquid
TOTAL-55	55 Gallon	Liquid

TOTAL B

A super duty, aluminum safe, high pH, alkaline degreaser and detergent engineered to attack the toughest grease, grime, soil or any other unwanted contaminants associated with facility maintenance cleaning. A multipurpose degreaser and cleaner that is aluminum safe and biodegradable. Safe to use anywhere water is tolerable!

PowerRail P/N	Size	Comment

SPRAYDETEL-55	55 Gallon	Liquid

CH14EX

A highly concentrated, multi-metal safe, alkaline powdered detergent engineered to produce superior cleaning results for aqueous process parts cleaning.

14EX CALIBER

A highly concentrated, multi-metal safe, alkaline powdered detergent engineered to produce superior cleaning results for aqueous process parts cleaning; specifically baked on carbon deposits and carbonaceous oil, grease, and grime.

SPRAYDET EL

A highly concentrated, multi-metal safe, alkaline liquid detergent engineered to produce superior cleaning results for aqueous process.

NOTE: All options above perform in all aqueous industrial parts washers including heated high-pressure spray cabinets, conveyor style spray wash systems, freestanding manual and immersion type tanks, and more!

AQUA SOLV II

Aluminum safe, non-hazardous, liquid detergent engineered to be specifically used in manual types of fountain style aqueous parts washers or “Sink on a Drum” type units to produce superior cleaning results for the removal of the toughest contaminants. Contains specialty surfactants for excellent carbon, grease, and grime removal. Non-VOC by CARB definition per ASTM D1298.

PowerRail P/N	Size	Comment
AQUASOLVE-5	5 Gallon	Liquid
SPRAYDETRS-50	50 lb	Pail
SPRAYDETRS-50	450 lb	Pail

SPRAYDET RS

A highly alkaline powdered detergent engineered to produce superior cleaning results for the removal of the toughest contaminants on all FERROUS metal surfaces. A powerful rust stripper that provides a one-step cleaning process that eliminates acid pickling, neutralizing, and rinsing steps.

CHEMICAL LINE (con't)

DEFOAMER O

A highly concentrated, non-silicone, liquid foam suppressant that is compatible when used with all SPRAYDET detergents when additional foam control is necessary.

Specifically designed to quickly eliminate foaming caused by certain equipment types & designs, water quality, types of soils being cleaned and heavy soil loading.

Provides superior foam control in wash and rinse sections of all aqueous industrial parts washers from heated high-pressure spray cabinet & conveyORIZED systems to free standing manual and immersion type tanks.

PowerRail P/N	Size	Comment
DEFOAMER-5	5 Gallon	Liquid

DIRT BUSTER KIT

A heavy duty, aluminum safe, high pH, alkaline multipurpose degreaser and detergent capable of cleaning and degreasing everything from hard-surface concrete shop floors & walls, to industrial equipment, to company vehicles.

Packaged as an EZ Kit for greater economy. Contents include 2 - 2.5-gallon jugs that when mixed together produce 30 gallons of super concentrate.

PowerRail P/N	Size	Comment
DIRTBUSTER-25	2.5 Gallon	Package

EZ SPREAD ICE MELT

A fast, efficient, calcium chloride based ice melt packaged in a safety-oriented lightweight EZ spread 10 pound bag capable of being dispensed using one arm only.

Highly effective at or above temperatures of -25°F!

Economic formulation requires less volume when compared to conventional salt-based ice melts and leaves no white stains or residue.

Railroad Approved for Weight Safety Practice!!!!

PowerRail P/N	Size	Comment
CAL-10	10 Lb	Bag
CAL-10SKID	10Lb	Qty 160 Bags per Skid

CHEMICAL LINE (con't)

BioGuard Plus 6™
 Biocide and Multifunctional Diesel Fuel Additive

DESCRIPTION, FEATURES & BENEFITS

The only EPA registered fuel microbiocide containing a multifunctional premium diesel additive. Contains **BioGuard™** microbiocide to prevent microbial contamination and fuel filter plugging. Formulated with **Diesel Guard™** to help prevent ultra low sulfur diesel and biodiesel related problems and significantly improve heavy-duty diesel engine performance. Helps reduce fuel consumption, smoke, soot, odor and harmful exhaust emissions.

Contains less than 15ppm of sulfur to comply with ultra low sulfur diesel regulations.

Product performance has been documented in ASTM, SAE and engine manufacturer tests.

Continuous Use Helps To...

- Prevent bacteria and other microbiological growth
- Stabilize fuel to keep it fresh for up to 2 years or more
- Improve thermal stability beyond industry standards
- Control moisture to prevent sludge
- Lubricate fuel injectors & pumps to prevent premature wear
- Prevent fuel filter plugging and extend fuel filter life
- Prevent rust & corrosion
- Increase cetane number
- Dosage 1 Gallon per 1500 Gallons Diesel
- Clean up and prevent fuel injector deposits
- Exceed Cummins L-10 “Superior” injector deposit cleanliness rating
- Reduce piston and combustion chamber deposits
- Increase power and performance*
- Reduce smoke, odor, transom soot*
- Reduce harmful exhaust emissions*
- Contains no alcohol
- Eliminate the need for other fuel additives
- Reduce fuel consumption up to 7.6%*

SEASONAL PRODUCTS

688S - PORTABLE TOILET SUMMER

A concentrated liquid odor control agent for use in chemical toilets in airplane, locomotive, RV, bus and portable toilet applications.

A liquid formulation that mixes readily with water, glycol or salt solutions.

No messy powder to handle or clean up.

Contains no hazardous or toxic ingredients.
NO FORMALDEHYDE.

688W - PORTABLE TOILET WINTER

A concentrated liquid odor control agent for use in chemical toilets in airplane, Locomotive, RV, bus and portable toilet applications.

A liquid formulation that mixes readily with water, glycol or salt solutions.

No messy powder to handle or clean up.

Contains no hazardous or toxic ingredients.
NO FORMALDEHYDE.

Provides protection from freezing down to -40°F

E8424968	LP Valve Outlet

TOP DECK KITS

Kits Include all Heads, Liners, Rods, Pistons, Rings, Bearings, Valves, Gaskets & Hardware to do a complete rebuild in the field. Kits available for W XO, W BO & W BG style compressors Unit Exchange or Outright

CONTROL STANDS

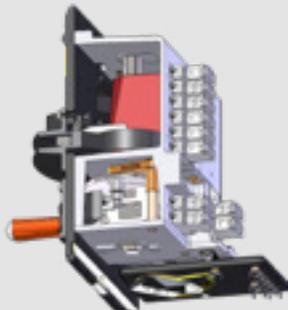

Full Line of New and Remanufactured Control Stands

New Stand Ready for Install

PowerRail Electronics Technology also Provides Full Service of Repaired Control Stands and Lockers

100% New & Remanufactured Controllers. Dynamic and Non Dynamic

PowerRail P/N	Description
E9093629	Dynamic Plastic Face
E8226959	Dynamic Steel Face
E9325903	Dynamic Plastic Face
E9091052	NON—Dynamic Plastic Face
E8227211	NON—Dynamic Steel Face

Contactors, Controllers, Relays and Modules - See Page 25

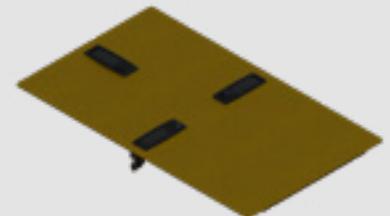

New LED Dimmable Bulbs for Control Stands - See Page 10

Custom Panels Related to PTC Installations

New Anti-Rattle Doors with Adjustable Locks

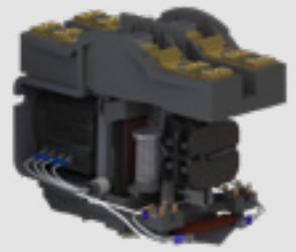

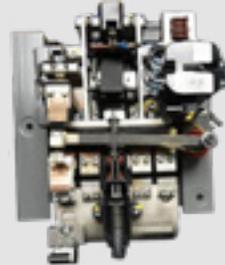

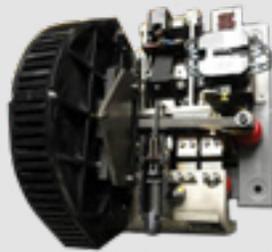

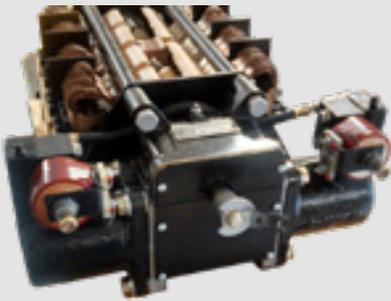

Safety Handles - See Page 7

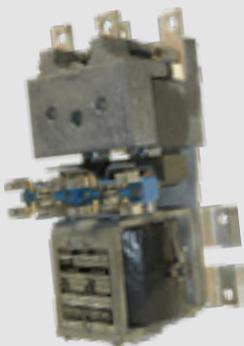

CONTACTORS, CONTROLLERS, RELAYS & MODULES

Complete Line of Control Stands, Controllers, Contactors, Relay, Voltage Regulators and Modules.
 Our Line includes New and Unit Exchange

Below is a BRIEF Listing of our Quality New & Rebuilt Products

PowerRail P/N	Description
E8400143	Contactor Control Cabinet
E8251126	Contactor Gen. Shunt Field
E8192805	Contactor Power
E8458534	Contactor Power
E8461331	Contactor Magnetic
E8453175	Motor Module Control
E8463776	Motor Module Control
E9091052	Controller Non Dynamic
E9093629	Controller Dynamic & Brake
E9325903	Controller Dynamic & Brake
E8330790	Voltage Regulator 3 Terminal
E8351980	Voltage Regulator 4 Terminal
E8484375	6 Panel Light Enhancement
E9322456	Rheostat 1500 Ohms
E40040084	SGC 5000A Power Contactor
E8131665	Reverser 4 motor 4 Contact
E8131666	Reverser 2 Motor 2 Contact
G17FL & G17FM	Aux and Other Modular Panels

COUPLERS, YOKES & DRAFT GEARS

Complete Line of Heavy Duty
 AAR Certified Couplers, Yokes and
 complete Assemblies New & Unit Exchange

PowerRail P/N	Description
E8034983	Coupler Type E Non Alignment
E8219072	Coupler Type E Non Align Control 4888
E8349831	Coupler Type F Align Control 8301
E8385515	Coupler Type E Align Control 8311/8306
PRD16184269	Mark 50 for 100 Ton Train Cars
G499A423P10/E8420235	Draft Gear NC-390
E6915380/G499A180P6	Yoke Only NC 390
E8420236	Draft Gear and Yoke Assy NC 390
E8220283/E8252488	Single Draft Gear & Yoke Assy MS-485-6A
E8269424	Double Draft Gear & Yoke Assy MS-485-5A
E8246352	Draft Gear MS-485-5A
G343B261P1/E8253666	Draft Gear MS-485-6A
E8246351	Draft Gear
E8420237/G499A423P9	Draft Gear NC-391
E8420238/G41D71673G2	Draft Gear And Yoke Assy NC 391
E8314758	Yoke Only NC 391
E8062944	Lock Coupler
E8069851	Thrower Coupler
E8068119	Lifter Assembly Coupler
E8081918	Coupler Pin 3 15/16" x 13 OAL
E9500878	Coupler Pin 3 17/32" Dia. x 12 5/8" L
E9500877	Coupler Pin 3 17/32" Dia. x 13" L
E8057698	C10 Knuckle Pin
E8055811	Knuckle Type E50BE
PRD16184064	Block for Non Alignment Coupler

We Offer a Full Line of Parts for the
 Complete Coupler Section

New and Unit Exchange Draft Gears

NC-390 Draft Gear

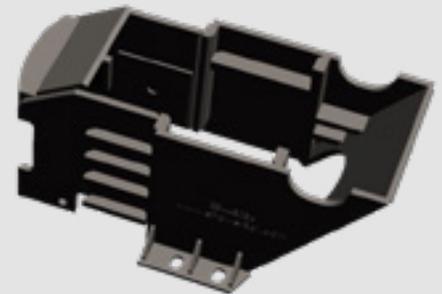

NC-391 Draft Gear

Full Line of Coupling Parts

PRD16184064
 Alignment Block for Pocket

E8448086 Pocket

ELECTRIC SEMI-CONDUCTOR TESTER

PowerRail DST5000 Tester

- Test SCR's/Thyristors
- Test Silicon Diodes
- Test Transistors/IGBT's
- Test Rectifiers
- Test IGTS's

Three Very Important Tests:

- Adjustable from zero to 5,000V for testing Forward Blocking. Digital Ammeter indicates leakage current at semiconductor voltage rating.
- Adjustable from zero to 5,000V for testing Reverse Blocking. Digital Ammeter indicates leakage current at semiconductor voltage rating.
- Adjustable voltage for Gating or Firing devices. Digital DC Voltmeter indicates actual gate trigger voltage (VGT). Digital DC Ammeter indicates actual gate current (LGT).

ELECTRICAL - ELECTRONIC

Complete Line of Quality Electrical Lighting,
 Resistors, Diodes, Thyristors and other
 related components

PowerRail P/N	Description
E40048214	Insulating Diode Boot
E40029131	AR10 Diode Negative
E40029132	AR10 AR11 Diode Positive
E40032602	AR20 Diode Positive
E40032603	AR20 Diode Negative
E40053999	Diode Positive
E40032602	Diode Negative
E8374003	AR10 Transformer
E9561605	AR11 Transformer
E8380922	Resistor AR10 50W 5 OHMS
E8429166	Resistor 400W 3.75 OHMS
E8004092	Walkaway Step Light
E8004613	Engine Room Light Globe Glass
E8332375	Rubber Standard Lamp Base 4 Holes
E8332374	Rubber Standard Lamp Base 2 Holes
E8207382	Engine Room Guard and Shade Assembly
E8047227	Lamp Guard Assembly Cage
E8228323	Number Light Socket Lamp - Yellow Rubber
E8332375	Socket Lamp, 4 Holes, Rubber - Standard Base

ENGINES

Complete Line of Quality Remanufactured Engines

POWERRAIL ENGINE SYSTEMS
 CREATIVE INNOVATIONS...CONTINUING TRADITION

We proudly supply a complete line of remanufactured Engines and Engine Components for the rail industry.

We offer a wide range of 567 - 645 - 710 and 7FDL Type Engines that can support most programs. Options include Unit Exchange, Remanufactured Outright, and Repair/Return.

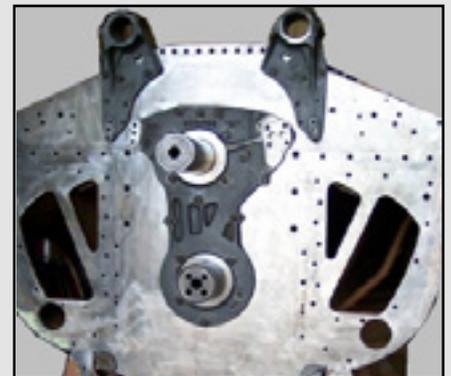

All Engines are mounted on a Dynamometer to ensure quality and reliability. Our shop is AAR M-1003 Certified and the quality and experience of our staff has earned approvals by most Short Line, Regional, Class I, and International Railroads.

We also offer FULL Engine Service & Field Support, including Line Boring.

**QUALITY
 & RELIABILITY
 IS JOB #1**

ENGINE PARTS OFFERING

Complete Line of New Engine Parts & Components
 Below is a sampling of our broad range of offerings

POWERRAIL ENGINE SYSTEMS
 CREATIVE INNOVATIONS...CONTINUING TRADITION

• Camshafts	• Crabs & Bolts	• Cross Heads	• Cylinder Test Valves
• Cylinder Heads	• Engine Protectors	• Fuel Lines	• Fuel Pumps
• Gears	• Hand-Hole Covers	• Liners	• Oil Lines
• Oil Pumps	• “P” Pipes	• Piston & Rings	• Push Rods
• Rods/Carriers	• Water Elbows	• Water Jumpers	• Water Pumps

Common Stock Parts

PowerRail P/N	Description
E8028006	Thrust Collar 645
E8039842	Lube Oil Line
E8048880HANDLE	Cylinder Test Valve 645 T-Handle
E8085260	Valve Bridge Assembly
E8135330	Trust Washer 645
E8160209	Fuel Line
E8195996	Flex Coupler
E8206804	Water Jumper 567C
E8414444	Water Elbow
E9093027	Water Jumper 645
E9319504	Rocker Arm Assy Injector 645
E9319505	Rocker Arm Assy Exhaust 645
E9544046	Thrust Collar 710
E9546230	Rocker Arm Assy Injector 710

PowerRail P/N	Description
E9546232	Rocker Arm Assy Exhaust 710
E9549577	P Pipe 567
E9549578	P Pipe 645
E9581924	Cylinder Head Ring Viton
E40036607	Cylinder Test Valve 710
E40046561	P Pipe 710
E40102453	Trust Washer 710
G114X1218	Bonded Drive Couplings
G116X1114 / G116X1115	Cam Segment
G124X1058 / G124X1068	CrossHeads
G140X1826-1 / G140X2950	Fuel Line
G150X1232	Linkage
PRD16184502	Oil Sampling Valve ¼ NPT

ENGINE - CAMSHAFTS, CRANKSHAFTS, STUBSHAFTS AND SPACERS

New and Reconditioned Camshafts, Crankshafts, Stubshafts and Spacers:

8 Cylinder 645 and 710 Series
 16 Cylinder 645 and 710 Series

12 Cylinder 645 and 710 Series
 20 Cylinder 645 and 710 Series

CAMSHAFTS	
PowerRail P/N	Description
E8261194/E8419849/E40082058	16 Cyl. 645 Series Segment
E8419910/E8274790/E9502033	16 Cyl. 645 Series Assembly
E8419911/E8274791/E9502034	16 Cyl. 645 Series Assembly
E8433603/E40035571	20 Cyl. 645 Series Assembly
E8491992/E8274792	8 Cyl. 645 Series Assembly
E9318994/E9502035	12 Cyl. 645 Series Segment
E8261443/E9318995	12 Cyl. 645 Series Segment
E9318996/E8274797	12 Cyl. 645 Series Assembly
E9318997/E8274796	12 Cyl. 645 Series Assembly
E9319320	16 Cyl. 645 Series Segment

CRANKSHAFTS	
PowerRail P/N	Description
E9323404	8 Cyl. 645 Series Crankshaft
E9546459	8 Cyl. 645 Series Crankshaft
E9547357	12 Cyl. 645 Series Crankshaft
E8440167	12 Cyl. ABS 645 Series Crankshaft
E8034708	16 Cyl. 645 Series Crankshaft
E8482822	16 Cyl. 645 Series Crankshaft
E8440023	16 Cyl. ABS 645 Series Crankshaft
E8360783	20 Cyl. 645 Series Crankshaft
E40048625	12 Cyl. 710 Series Crankshaft
E40109969	16 Cyl. 710 Series Crankshaft
E9569292	16 Cyl. ABS 710 Series Crankshaft

ENGINE - CYLINDER TEST VALVES

- Class 1 Approved Design
- Solid One Piece Machined Nut in lieu of Welded Nut
- Designed for 567, 645 and 710 Series Engines
- Utilizes Standard 5/8" Socket, 6 or 12 Point

PowerRail P/N	Description
E8048880PRD	Cylinder Test Valve
E40036607PRD	Cylinder Test Valve
E40017341	Cylinder Test Cock Seal
E8048880HANDLE	Cylinder Test Valve w/ T-Handle Design

8048880 T-Handle Design
 Also Available

ENGINE FANS - COOLING & GRID

Full Line of New and Remanufactured Engine Fans and Electrical Grid Fans

PowerRail P/N	Description
E5526269	36" 12HP 10 Blade
E8311479	48" 28HP 6 Blade
E8310416	48" 35HP 8 Blade
E8379212	48" 35HP 9 Blade
E9517833	48" 50HP 8 Blade
E9576052	48" 50HP 8 Blade 2 Speed
E8281907	48" 18HP Resistor Grid Fan
E9514316	48" 36HP Resistor Grid Fan
E8388333	48" Fan Guard
E9096227	Air Cylinder 1 1/8 Stroke
E9569860	Air Cylinder 3 1/2 Stroke
E9558527	Fan Blade ONLY

ENGINE GEARS

Complete Line of New and Remanufactured Engine Gears and Spring Drive Gears

PowerRail P/N	Description
E8483944	Drive Gear 58T
E8543203	Drive Gear 58T
E8483945	Drive Gear 58T
E8069019	Drive Gear 79T
E8360843	Drive Gear 79T
E8069014	Drive Gear 79T
E8360839 / E8141909	122 Acc. Drive Gear
E8416930	Starter Ring Gear 265T
E40051536	Starter Ring Gear 265T
E8416930-PRD3PC	Starter Ring Gear 265T 3-Pc

645 & 710 Spring Drives

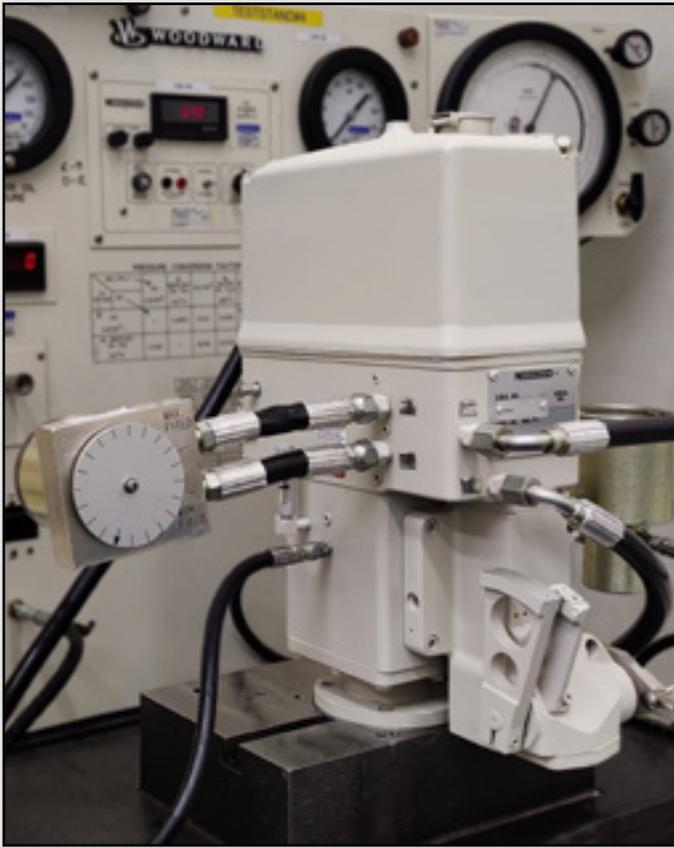

PowerRail P/N	Description
E9515331	Spring Drive Gear High Capacity 16:8 to 1
E9515338	Spring Drive Gear Standard 18:1 ratio
E9538148	Spring Drive Gear Standard 18:1 ratio
E9538149	Spring Drive Gear High Capacity 16:8 to 1
E40001044	16cyl 710 Clutch UX
E40013863	16cyl 710 Clutch UX
E40028648	12cyl 710 Clutch
E40052862	20cyl 710 Clutch

ENGINE - GOVERNORS

Complete Line of New and UX Woodward Certified Governors

PowerRail P/N	Application
E40003898-UX	710G3, GP60/SD60
E40011851-UX	710G3, G3A, GP59, F59 (12-710G3A)
E40035516-UX	16-710 G3A (SD60)
E40043302-UX	16-645F3B
E8122755-UX	567B
E8122846-96-UX	567C
E9335713-UX	645E3, F40PH
E9551458-UX	645E3B, F40PH
E8424301-UX	12-645E, SW1000, SW1001
E8453388-UX	SW100, SW1001, SW1002, 12-645E
E8466183-UX	16-645E, GP38, SD38, SD38AC, SD38M, SD38-2, G18, G18B, GA18, G22
E8482396	8/12/16-645E Engines, SW1001, GP15-1, GP38, GP38AC, GP38-2, SD38, SD38AC, SD38-2
E8482413-UX	8/12/16-645, 8/12/16-645E, SW1001, GP15-1, GP38, GP38AC, GP38-2, SD38, SD38AC, SD38-2E
E8483536-UX	12/16/20-645E3, 16-645E3A, 8/12/16/20-645E3B, 8/12-645E3C, 12/16-645F3, and 8/12/16-645F3B, GP39, GP40, GP40-2, SD40, SD40-2
E9318853-UX	SW1500, MP15, 645E

With PowerRail Governors, the highest quality standards and requirements are factory-audited, ensuring strict compliance. Only genuine Woodward parts and certified, calibrated tools and test stands are used. A complete disassembly, bench inspection, comprehensive cleaning, reassembly and testing to OEM specifications occurs with each governor to ensure Woodward requirements are met.

- Governors available in Unit Exchange, Repair/Return or New
- Rebuilt by Certified Woodward Governor Specialists
- Rebuilt, Tested and Calibrated to OEM Specifications
- Large Inventory of Unit Exchange Governors on-hand, Ready to Ship
- Proven Reliability that Improves the Life of the Unit and Reduces Unplanned Downtime

www.ePowerRail.com

ENGINE - INJECTORS

Complete line of New and Remanufactured Fuel Injectors

PowerRail P/N	Application
E9081163	567B/567BC
E8478048	567C
E9081164	567D
E8478045	645E
E8478046	645E3
E8478053	645E3B
E8478055	645E3B Eco
E9561950	645F3B
G123X1110-2	7FDL-Style
G132X1710	Bryce Single Pump
G132X1645	Bryce Double Pump
G132X1715	Bendix Single Pump
G132X1535	Bendix Double Pump

Full Line of Injector Parts

ECOTIP “Green Tag” Injectors

PowerRail P/N	ECOTIP Ref #	Comment
E8478049	40083527 / 40078996	567 A,B,BC,C,E Fuel Efficient Tip
E8478045	40083524 / 40078993	645E Roots Fuel Efficient Tip With Calibration Slide
E8478046	40083525 / 40078994	111 Fuel Injector 12,16, 20 Cylinder Low Smoke
E8478055	40083533 / 40079002	111 Fuel Injector Fits 645E3B

Green Tag Injectors offer very precise beginning and ending of fuel injection. This results in fuel savings at full load and on medium duty cycle. Reliability and durability is also increased due to lower peak cylinder combustion.

E8431626 - Holding Rack For Injectors

“Black Tag” Extended Idle “Switcher” Injectors

PowerRail P/N	Engine Application	Body Style
E4991632	567B, BC, C	No-line
E4991635	567C	1 Narrow groove
E4991629	645E, 567C	1 Narrow groove

Black Tag Injectors are designed to overcome specific challenges under various applications. The benefits include reduced emissions and smoke with minimal to no fuel penalty in certain applications. The Injectors also help to reduce “souping” during extended idle situations.

ENGINE - POWER ASSEMBLIES

ENGINE - ROOTS BLOWERS

Complete Line of New and Remanufactured Roots Blowers

Patented and proven **PowerSeal** that eliminates failure due to oil leaks.

PowerRail P/N	Description
E8379666	NEW Roots - Right Hand
E8379667	NEW Roots - Left Hand
E8379666UX	UX Roots - Right Hand
E8379667UX	UX Roots - Left Hand

All Rebuilt Roots Blowers are Bench Tested

All Scrolls Are Precision Balanced

E8189438 Housing

E8369675 Bearing

E8065752 Gear Cover

E8204451 End Plate

E8028594 Quill Shaft

E8206553 Bearing

E8028466 Thrust Washer

EPA Compliant Engine Kits

PowerRail proudly offers a complete line of EPA compliant Engine Kits, including:

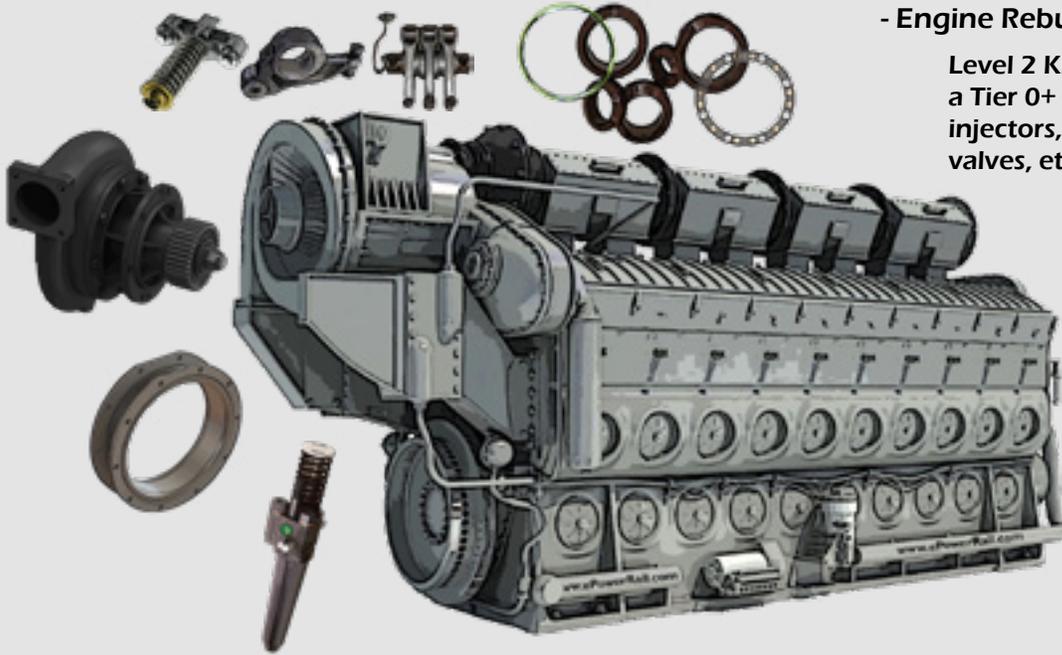

- Level 2, Tier 0+ (1033 or 1042)
- Level 2, Tier 0+ (1033) 645E 12 Cylinder
- Level 2, Tier 0+ (1033) 645E 16 Cylinder

Other Available Engine Kits include:

- Top Deck Overhaul Kits
- Main Engine Bearing Kits
- Engine Rebuild Gasket Kits

Level 2 Kits include everything needed for a Tier 0+ Engine Kit, (pumps, blowers, fuel injectors, gaskets, bearings, turbos, test valves, etc.)

Custom Inspection Kits

PowerRail proudly offers cost-efficient and time-saving custom Inspection Kits. Provide us with your maintenance schedule (92-day, 180-day, 360-day) and we'll have the Kits ready to ship when you need them.

- Assembled and tagged by customer's Road Number... easy ordering for you!
- Reduced inventory on your shelves
- No more picking and sorting to assemble kits on-site
- Reduced downtime with a more streamlined and efficient ordering process

Inspection Kits can include various consumables, such as:

- Carbon Brushes
- Filters
- Light Bulbs
- Wiper Blades
- Fuses (just to mention a few)

Your kit...your way!

PowerSeal Solutions
 A PowerRail Quality Company

GASKETS, SEALS AND RUBBER PRODUCTS

Complete Line of New Generation Gaskets, Seals and O-Rings

PowerSeal Solutions offers a complete line of gaskets and seals including, our PS-1 Line, our PS-2 C-Swell™ Line for more demanding applications, and our newest addition...**The B-SureSeal™**.

Marman Seals

PowerSeal B-SureSeal™ Marman Seals:

- Made with pure FKM and Viton® A-type material - NO fillers
- Injection molded for pure and high-precision fit with true reliability
- Superior performance through operating temperatures from -20°F to +400°F
- Resistance to oil, fuel, and additives
- Remains flexible in service and won't "set" like standard seals

**Pipe is always measured by the Outside Diameter (O.D.).
 Because a Marman Seal sits on the outside of the pipe, the I.D. of the
 Seal will be approximately the same size as the O.D. of the pipe.**

PowerRail P/N

Description

E8479542	Marman ½ Inch
E8479543	Marman ¾ Inch
E8479544	Marman 1 Inch
E8479598	Marman 1 ¼ In
E8479599	Marman 1 ½ In
E8479600	Marman 2 Inch
E8479601	Marman 2 ½ In
E8479602	Marman 3 Inch
E8479603	Marman 3 ½ In
E8479604	Marman 4 Inch
E8406231	Marman 6 Inch

Per ASTM D412-16 and D2240-15 testing, the PowerSeal B-SureSeal™ Marman Seals have greater tensile strength, superior elongation characteristics, and half of the compression set when compared to other seals on the market.

This independent laboratory testing has shown the PowerSeal B-SureSeal™ Marman Seals to have improved physical properties, which directly translates into improved performance.

Gasket Fuel Bowl Site Glass

Made of pure FKM and Viton® A-type material - NO fillers

- Can Run At 400°F Constant
- Easy To Install, Conforms To Fuel Sight Bowl
- Long Life Cycle Without Degrading

Note: We Also Offer E8361381 Glass Bowl and E8104667 Clevis

Head Seat Ring Technology

PowerRail Part #: E9581924PRD

- Enhanced Proprietary Viton® Compound
- Enhanced / Redesigned VPS Viton® profile for Ultimate Sealing
- Field Reports of reduced and/or elimination of "Engine Souping"

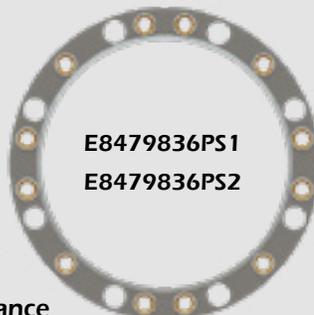

B-SureSeal™ - Fuel Line Gasket

- B-SureSeal™ material for both oil & fuel contamination
 - Stop fuel leaks at the injector and manifold connections
- PowerRail Part#: PRD16184063

Head to Liner Gasket

- Enhanced Grommet Design Will NOT Fall Out
- Teflon Silicone Hi Heat B-SureSeal™ Integral Grommet Design Utilizing Glass-Filled PTFE
- 410 Stainless for Improved Cycling Performance (Non Copper Plated to Eliminate Oil Contamination)
- Improved Compression Set Performance
- Improved Operating Temperature Range -50°F TO +460°F

E8479836PS1
 E8479836PS2

Water Elbow & Seal

Part# E40110618 Seal for E8414444 Elbow

- Stops Water Leaks Associated with Old Style O-Rings
- YellowSeal™ Material for both Oil & Fuel Contamination
- Class 1 Approved

GASKETS & SEALS

Enhanced Exhaust Stack Gasket

PowerRail P/N E40055466

- Class I Approved
- 21 Gauge Stainless Steel "Formed Bead Design"
- Opposing "Formed Beads" act as a spring mechanism in heavy thermal cycling applications
- High Temperature Graphite Sealing Element is designed to fill and seal surface imperfections commonly found on manifold and engine block surfaces
- Enhanced and Improved design will not be "crushed" or "beat-out" due to heavy vibration or harmonics, and resists unloading and bolt torque loss, as is common with the standard double jacketed design

GAUGES - AIR FLOW INDICATORS FUEL AND AMMETERS

Complete Line of Air Flow Indicators,
 Fuel Gauges, & Ammeters

PowerRail P/N	Description
E10601196	Air Flow Indicator
E40017162	Air Flow Indicator
E8195741	Air Flow Indicator
E8387634	Air Flow Indicator, 60-160 lbs.
G84B104054P1	Air Flow Indicator
E10590743	Ammeter Load Indicator SD60
E40150894	Ammeter, Control Stand, SD40-E
E8214188	Ammeter TM 0-1500 AMPS
E8380058	Ammeter Traction Motor 0-1500AMP
E8438032	Ammeter Load Gauge 0-1500AMP
E8402426	Ammeter Traction Motor Load
E9573315	Ammeter Load Indicator
E10599378	Complex Gauge Assembly with AFM Indicator 4 1/2"
E8315266	Compressor Gauge, Float Type

GAUGES

Complete Line of Dry and Liquid Filled Gauges

PowerRail P/N	Description
E40031338	2 1/2" 0-100 PSI Dry Gauge Oil
E8340547	2 1/2" 0-200 PSI Dry Gauge Air

Universal Ditch Light Housing

PowerRail PRD16184911

- E8650814 / E40043668 - 2 Position Door Latch Flush Mount
- E40052369 / E40069142 - 4 Position Door Latch Flush Mount

Benefits:

- Dual Mount - Flush or Conduit from Bottom (2) 1/4" NPT Mounts
- High Temperature Silicone E10610987 Gasket Included
- (4) Four Position Door Latch
- Reduction in Inventory
- High Quality Casting

Also offering Ditch Light Housing G41B549606P1, G41B549606P3, and Ditch Light Assembly E6911151

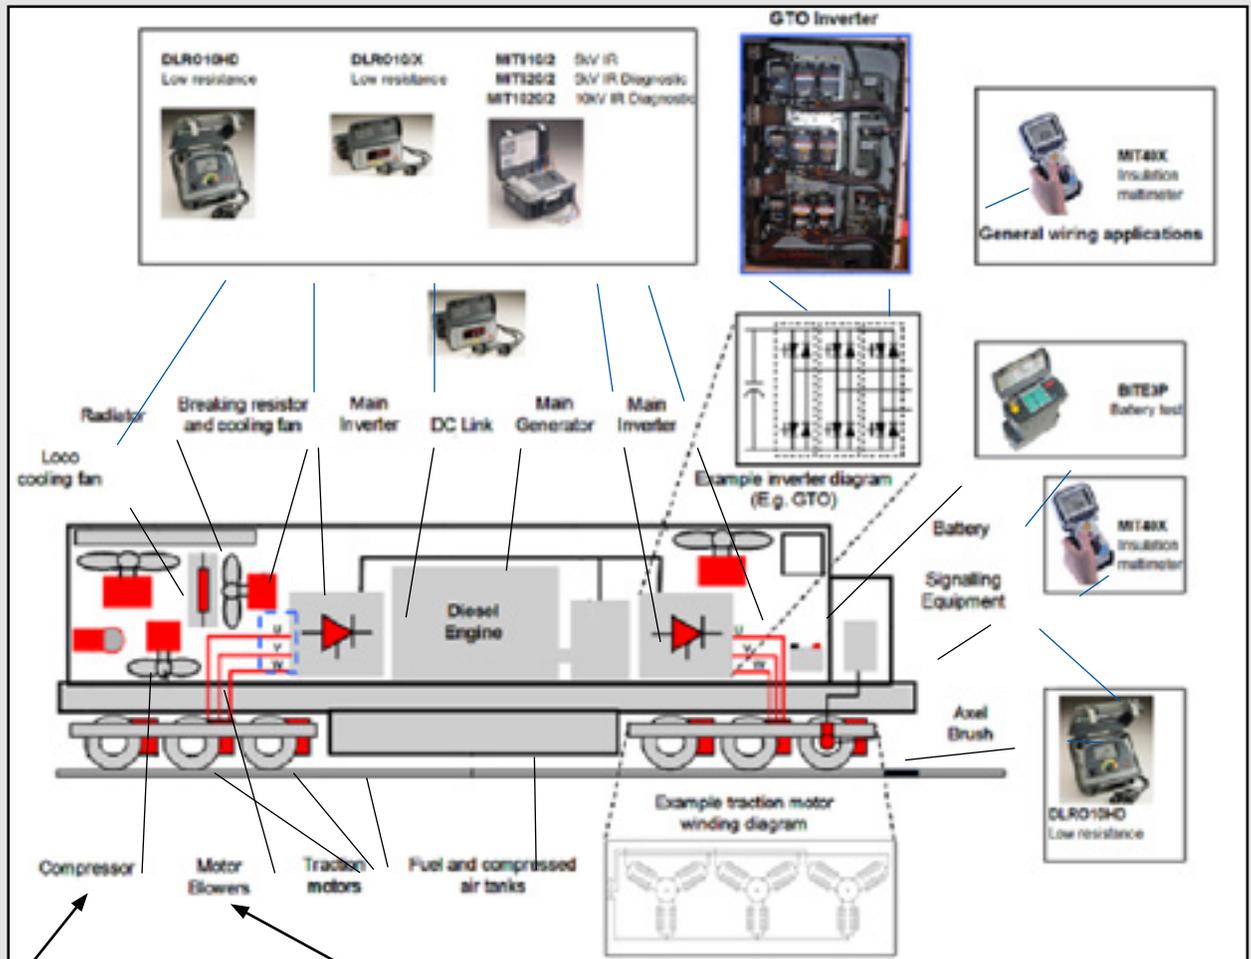

INSULATION TESTERS

Complete Offering of Electrical and Electric Measuring Equipment

Improved 5 and 10kV insulation testers

- Smaller size and lighter weight
- Easier to use
- Rotary switch dial
- Unique dual case design
- Intuitive operation
- Ramp test
- 3mA output power
- Accuracy where it matters most
- Super fast battery charge

DLRO200 - MIT 5kV & 10kV

DL010 Low Resistance

JOURNAL BOXES - HYATT & ROLLER WHEEL BEARINGS

Complete Line of AAR Quality New and Remanufactured Hyatt Journal Boxes, Conversion Boxes and Tapered Bearings

We Offer Unit Exchange or R&R Programs

Hyatt W/3N1 Liner

PowerRail P/N	Application
E7476217	Hyatt Journal Box 6½ x 11
E7476218	Hyatt Journal Box 6½ x 12 Standard 3N1 Liner
E7476218-3PC	Hyatt Journal Box 6½ x 12 3-Piece Lug Liner
E7476218MOD	6½ x 12 Modified for GG Bearing

All Hyatt Boxes are Modified with the 3N1 Liner Standard

Hyatt & Conversion Box Lateral Pad
 E9539431 & PRD16184305

E9539431 Lateral Pad

E9539431 Lateral Pad for all Hyatt and Generic Conversion Boxes for Locomotive axle.
 PRD16184305 Manufactured 1/8" lower to ease installation due to restraints and tight fits.

Offering a Full Line of Modified Boxes

New and Unit Exchange GG Style Boxes	
E9539650	GG Adaptor Box (9580195)
E9539431	Lateral Pad
PRD16184305	Lateral Pad 1/8" Undersize
G41D7277667G5	GG Adaptor Box

JOURNAL BOXES - HYATT & ROLLER WHEEL BEARINGS

Complete Line of AAR Quality New and Remanufactured Hyatt Journal Boxes, Conversion Boxes and Tapered Bearings

LOAD BOXES

Complete Line of Custom-made Load Boxes

Custom Load Boxes

Together, PowerRail Locomotive Services & PowerRail Electronics create complete custom-made Load Boxes to fit your needs. We offer New or Remanufactured Fans and Grids, as well as custom paint to fit the color scheme of your railroad.

- 2,000HP Load Box with (4) grids and (1) 36hp fan
- 3,000HP Load Box with (6) grids and (2) 18hp fans
- 4,000HP Load Box with (8) grids and (2) 18hp fans

MODULES

Complete Line of Electronic Modules, Cards and Panels

Type	Description
AN17	Annunciator
DE12	Dynamic Brake Ext. Range Control
DG12	Dynamic Brake Grid Protection
DP12	Dynamic Brake Protection
DR20	Dynamic Brake Regulator
EL11	Excitation Limit Control
GV12	Generator Volt Regulator
GX12	Generator Excitation Regulator
PF17	Performance Control
PF29	Performance Control
RC12	Rate Control
SA10	Sand Control
SB11	Sensor By-Pass Max Performance
SE13	Sensor
TH14	Throttle Resp & Volt Reference
TR12	Transition Control
VR14	Voltage Regulator
WS10	Wheel Slip

NAME PLATE & NUMBERING

Complete Line of Nameplates, Locomotive Numbers & Signs of All Shapes & construction

G17FD and G17FL Style - Blue Electronic Cards Regulators and Complete Aux Panels

SAFETY LINE

Complete Line of Safety Products

SAFETY - PERSONAL USE

First Aid Kit

First Aid Kit For Any On-board
 Accidents and Injuries
 PowerRail P/N 16184888

Hearing Protection

Premium Hearing Protection

- Innovative Flexible Bands offers Better Fit & Greater Comfort
- Optimal Band Size "One Size Fits All"
- Optimal Fit & Hearing Protection with 3 sets of Buds for precise Ear fits
- Durable Construction for Durability and Contamination Resistant

Safety Vests

Manufactured for Rail Industry Safety

- ANSI/ISEA 1007-2004 Class 2 Certified
- 5 Point Tear Away for Snagging Safety
 - 100% Flame Resistant
 - 3M Reflective Strips
 - Washable

*5 Velcro points on vest allows for easy removal. Tear-away points on each shoulder, each side, and in the center.

Work Gloves

Complete Line of Work Gloves for Any Application and Protection

Rubber

Leather

Mechanics

SAFETY - FACILITIES

Cones

Exclusively Manufactured to Meet Rail Requirements

Lime or Orange
 Plain - No Stripe
 3M - One Stripe
 3M - Dual Stripe

18" with 3 lb Base
 28" with 7 lb Base
 36" with 10 lb Base

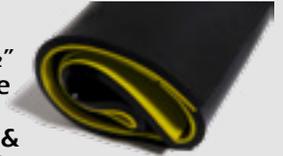

Drain Mat

Seals drains, grates, sewer, etc. against fuel and chemical spills. Durable and impact resistant
 100% Polyurethane.

36" x 36" x 1/2"
 Standard Size

Custom Sizes &
 Rolls Available

Also available,
 Emergency Spill Kits

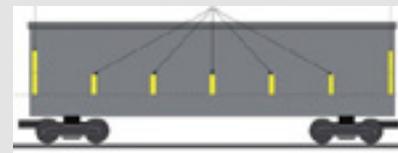

Rail Version 3 1/4 lb, light-weight for rapid response and ease of use.

FRA-224 Reflective Tape

Complete Line of 3M® FRA Tape

- 4" x 150 Foot Rolls
- Kiss Cut or Continuous Roll
- White - Yellow - Fluorescent Yellow Colors

SAFETY LINE

Complete Line of Track Mats and Pad

Track Mat - Coldform 2

- **PRD16185004-19**
 - 19" x 100' for outside of track
 - 1 case = 2 rolls per case
- **PRD16185004-57**
 - 57" x 100' for inside of track
 - 1 case = 1 roll per case
- **PRD16185004-SET**
 - 1 case of both sizes

Sorbent Socks

Maintenance & Oil Only

- **PRD16185036-O**
 - 3" Diameter x 4' Length
 - 30 socks per case
 - WHITE - Absorbs Oil ONLY
- **PRD16185036-WO**
 - 3" Diameter x 4' Length
 - 30 socks per case
 - GREY - Absorbs Oil & Water

Sorbent Pads and Rolls

Oil-Only Medium Weight

- **PRD16185035-PAD**
 - 15" x 18" pad
 - 100 pads per case
 - WHITE - Absorbs Oil ONLY
- **PRD16185035-ROLL**
 - 30" x 150 roll
 - WHITE - Absorbs Oil ONLY

Sorbent Pads and Rolls

Maintenance Med. Weight

- **PRD16185034-PAD**
 - 15" x 18" pad
 - 100 pads per case
 - GREY - Absorbs Oil & Water
- **PRD16185034-ROLL**
 - 30" x 150 roll
 - GREY - Absorbs Oil & Water

SAFETY STARTER SLING

Our Starter Safety Sling is designed to help make replacement of locomotive starters both a SAFE and EFFICIENT process

Starter Safety Sling Features

400lb Weight Capacity
 Heat Resistant Up To 360° F & Chemical Resistant
 X-Pattern Stitching For Extra Reinforcement
 Safety Yellow Material
 Our sling can be used on all 32 and 64 volt starters

Part #: PRD16184407

Lift Safely

Install Safely

Release Safely

SAFETY LINE

Complete Line of Aluminum Safety Treads

Facility Safety

Safety Solution for Worn out Stairs. Aluminum Treads Installed Over Damaged or Unsecured Steps

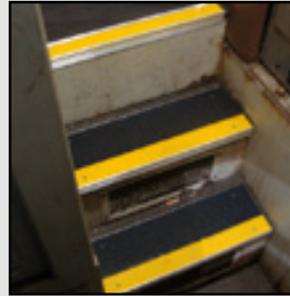

Before

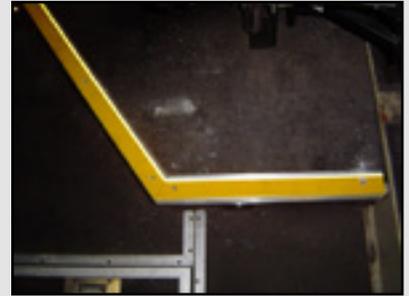

After

Locomotive Safety

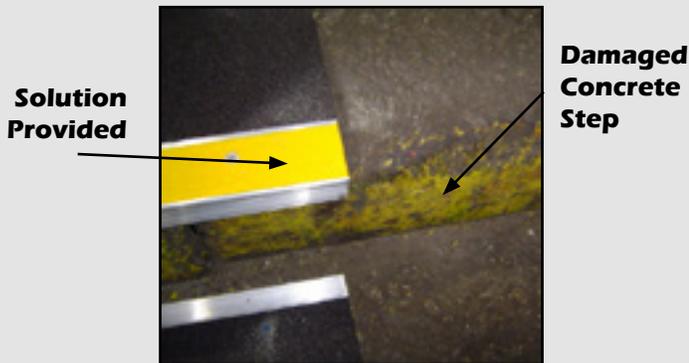

Aluminum Safety Treads Designed Exclusively for Injury Prevention on a Locomotive

SD70AC Cab Steps

SD70AC Engineer Side

Custom Made for ANY Size Step

 Safety Adhesive-Back Tread Signs

SEATS - ROAD UNITS

Complete Line of Seats for Road Units

- Rugged heavy-gauge tubular steel
- 2-way adjustable lumbar support
- Infinitely adjustable backrest angle
- Cushion rake angle adjustment
- 2" forward adjustment on seat cushion
- 9" fore-and-aft seat adjustment
- Fire-resistant Vinyl Material (Cloth Optional)
- Full foam bolsters with contoured lumbar support
- Integral spring supported cushion for shock isolation
- ABS plastic back protector w/ placard attached

PowerRail P/N	Application
P180109CD37	High Back Non Sleeper
P176025PS	Floor Mount 4" Height Adjustment
P178241PS	Wall Mount With Swivel 3" Height

SEATS - SWITCHERS

Complete Line of Seats for Switchers

- Narrower, shorter seat for Switcher applications
- Rugged heavy-gauge tubular steel construction
- Infinitely adjustable backrest angle
- 2-way adjustable lumbar support
- Fire-resistant black vinyl material
- Full foam bolsters w/ contoured lumbar support
- Integral spring supported cushion for shock isolation
- 6" fore-and-aft seat adjustment

PowerRail P/N	Application
P183049CD37	Switcher Mid Back Standard
P183049CD37ARM	Switcher Mid Back With Arm
P180837	Ultra Low Back
P180837ARM	Ultra Low Back With Arm

SHIMS AND SPACERS

Complete Line of Shims and Spacers

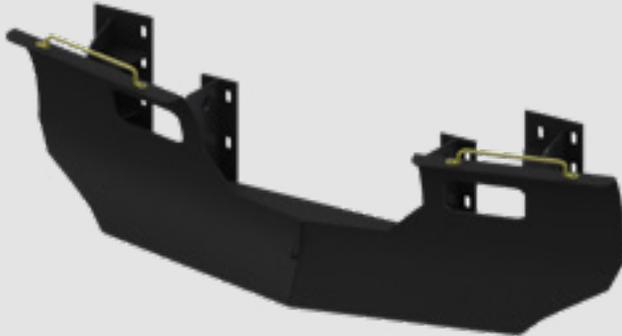

PowerRail P/N	Description
G41A210731P4	.062" Shim Air Compressor
E8478477	Shim Axle Cap
E40014450	.031" Shim Bearing Flange For Combo's

TRACTION MOTOR CONVERSIONS

D77 or D87 to D87BTR or D90BTR

Conversion/Upgrades also available in most EMD and GE Models.

Narrow

Gauge BTR or Axle Cap

Standard

Gauge BTR or Axle Cap

**Competitive cost for converting
 Brass Support to BTR U-Tube
 Design using new and/or
 remanufactured components.**

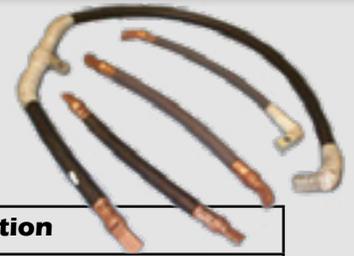

BENEFITS INCLUDE:

- ✓ Eliminates brass support bearings and the wick assembly, allowing less maintenance and longer life.
- ✓ Tapered roller support bearings are sealed, eliminating wick lubricators, and the addition of oil.
- ✓ Tapered roller support bearings only require a visual inspection of the seals every 90 days, vs. sleeve-type bearings which require inspection and oil addition every 45 days.
- ✓ Wheelset removal from the traction motor is simplified.
- ✓ Axle wheel gear assembly can be removed from the motor, complete with suspension bearing, and be applied to other motors, as required.

Eliminate Brass & Wick

TRACTION MOTOR CABLES

TRUCK ASSEMBLIES

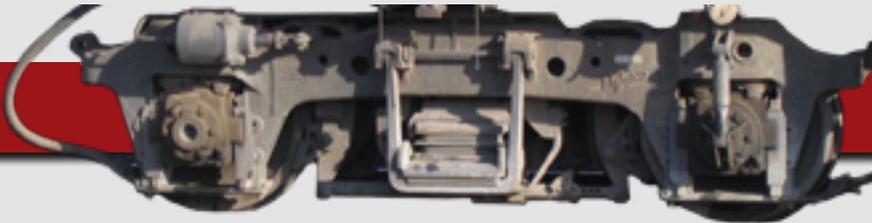

PowerRail Locomotive Services, a division of PowerRail, located in Monroe, GA, offers repair, rebuild, and remanufacturing services for the following EMD truck types to customer specifications or PLS scope.

Unit Exchange of trucks also available. We do International Bogies, as well. Please call for details.

GP CLASP - EMD BLOMBERG

Hyatt or Timken GG Bearings
Clasp Brake Arrangement

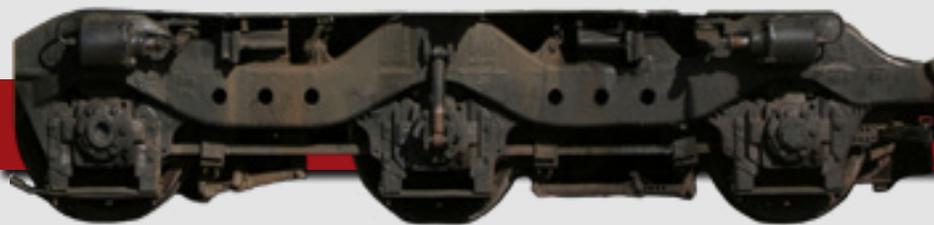

GP SINGLE SHOE - EMD BLOMBERG

Hyatt or Timken GG Bearings
OEM Single Shoe Brake Arrangement

EMD SWITCHER TRUCK

Friction or Roller Bearing
Universal (AAR/Rigid) or Flexible Trucks

EMD SD HTC or FLEXICOIL TRUCKS

Hyatt or Timken GG Bearings

Additional options include:

- GP Clasp to Single Shoe Conversion and Associated Modification Kit
- Traction Motor / Wheel Set Combo Rebuilding
- GE Truck overhauls and rebuilds

TRUCK PARTS

When it comes to Truck Parts, why PowerRail?

- PowerRail is the only company in the US that manufactures all of our brake rigging and truck parts in-house AND provides truck overhauls at our own PowerRail Locomotive Services.
- PowerRail is the only company in the US that can provide OEM equivalent (or ENHANCED) truck parts with steel bushings OR with thermoplastic bushings, which are proven to provide extended life through 20+ years of in-the-field testing.
- Our experience with truck kits and brake rigging applications is second to none. From manufacturing the parts, to completing the overhauls in-house, our expertise and application knowledge is above all the rest.
- We offer a full line of GE-style and EMD-style truck parts, components, and brake rigging, as well as customer friendly truck kits, packaged to your liking and built to your specifications.

TuffRigg™ BRAKE RIGGING

PowerRail's manufactured full line of EMD-style and GE-style **TuffRigg™** brake rigging utilizes thermoplastic bushings as a superior alternative to steel. PowerRail's enhanced design, coupled with our exclusive distribution of A153/S thermoplastic bushings, has years of proven success. These bushings are confirmed to prevent brake head seizures and provide enhanced wear properties that will extend the life of your brake rigging.

Benefits of **TuffRigg™** Brake Rigging with A153/S Thermoplastic Bushings:

- Reduction in seizures and housing reclamation
- No alignment difficulties when assembling
- Proven reduced maintenance costs
- A153/S bushings are resistant to shock loading & corrosion
- Reduction in wear resulting in increased performance by up to 5x's when compared to steel
- A153/S bushings have a low coefficient of friction, high compressive strength, and consistent wear characteristics
