Roots Blowers

PowerRail, an AAR M-1003 Quality Certified facility, is pleased to offer our complete line of remanufactured Roots Blowers.

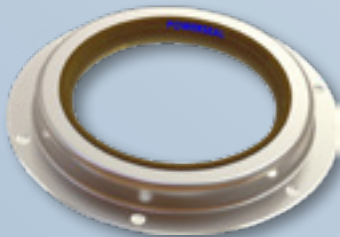

All PowerRail Roots Blowers are remanufactured to meet or exceed OEM specifications, and are equipped with our enhanced Quill Shaft seal, an oil leak solution with years of reliability in the field.

All Rebuilt Roots Blowers are Bench Tested

All Scrolls are Remanufactured and Precision Balanced Prior to Installation

Enhanced Quill Shaft Seal
PowerRail part# E8434196PS2

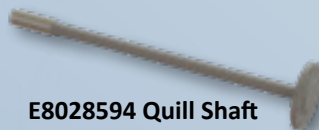

PowerRail's enhanced Quill Shaft seal:

- Prevents the oil that lubricates the gears from entering the rotor chamber
- Keeps the airbox cleaner and helps prevent locomotive from souping oil out of exhaust
- Can withstand higher temperatures
- Is more resistant to abrasion and/or tearing
- Features a longer life span
