

Acid Battery Water Level Indicator

"Uniting Innovation, Engineering, Manufacturing and Distribution"

Product Description

PowerRail, an M-1003 AAR Certified Quality Company, is now offering a simple solution for viewing water levels in Acid Storage Batteries.

Our part # PRD16186371 utilizes a float with Min/Max lines for easy visual inspection.

Batteries

We offer and stock a full line of Single and Unitized Batteries and Battery Chargers.
