

A man with glasses and a goatee is focused on his work in a factory. He is wearing a dark blue long-sleeved shirt and is using a tool to work on a metal component of a machine. The background is a blurred industrial environment with various metal parts and structures. The word "PANDROL" is overlaid in large, bold, yellow letters across the center of the image.

PANDROL

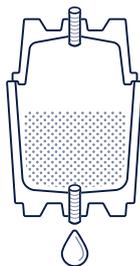

Partners in excellence

At Pandrol, we believe in quality above all else, and are proud to provide innovative products and services that support rail infrastructure.

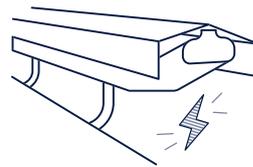

Across the world, our solutions define the industry standard in rail fastenings, aluminothermic welding, electrification, track engineering and maintenance, and noise and vibration reduction.
