Who We Are

Andrew Stahl Executive Recruiters, LLC is the leading global Executive Search firm providing talent solutions focused on the railway and infrastructure arena. Centrally located in North America, our expertise and dedication to the railway community exemplifies who we are: a boutique Executive Search firm driving long-term growth and success for your organization.

What We Do

Success is all about identifying, engaging, and securing talent. Our processes are based on a thorough understanding of each client's strategic, financial, and operational goals. Our recruiting methodology, coupled with deep rail industry knowledge, consistently delivers top-shelf talent to organizations within and surrounding the railways across North America.

So, whether you are a domestic organization growing your team, or an international railway supplier developing your business in North America, we can help! Working with private equity firms, with a foothold in the rail arena, we can help with strategic mergers and acquisition Executive placements.
