The Software Solution for  
Document Management

# Discover DiLoc®|Sync: The Software Solution for Document Management

## Trusted by the Best

For over 16 years, DiLoc®|Sync has been the go-to document management software for European rail freight transport. Today, more than 200 rail transport companies and 20,000 train operators rely on our platform to work more efficiently and safely.

## Designed for the Rail Industry

DiLoc®|Sync is built specifically for rail operations, streamlining and automating document distribution. With our user-friendly app, your employees will always have instant access to the information they need.

## Technical Highlights

- **Cloud-based platform:** Securely manage and access documents in real-time, anytime.
- **Offline functionality:** Stay productive, even without internet.
- **Automatic synchronization:** The latest documents are always synced automatically for all users.
- **Security standards:** Compliant with the highest global standards for secure data transmission.
- **Scalability:** From regional to nationwide operations, DiLoc®|Sync grows with you.

## Benefits for Your Team

DiLoc®|Sync offers benefits for your business and especially your employees. Our software offers numerous advantages:

### For Your Business

- **Save Time & Costs:** Automate document distribution, reduce administrative workloads, and cut out paper processes.
- **Boost Efficient:** Keep operations running smoothly with up-to-date documents delivered instantly.
- **Enhance Safety:** Eliminate errors caused by outdated or missing information.

### For Your Train Operators

- **Easy Access:** All critical documents are just a tap away, right on their mobile devices.
- **Boost Efficient:** Keep operations running smoothly with up-to-date documents delivered instantly.
- **Streamlined Workflows:** Digital processes make day-to-day tasks simpler and faster.

## Why Choose DiLoc®|Sync?

Because it's designed with you in mind. Our software is a proven solution built by experts who understand the rail industry. With DiLoc®|Sync, you'll have the tools to modernize your operations, improve safety, and reduce costs - all while making life easier for your team.

” DiLoc®| Sync provides the basis for cooperation in the railway world.“

Andre Bartel, SBB Cargo Deutschland GmbH

“ DiLoc®|Sync is the perfect tool to provide all employees with information and ensuring safe rail operations”.

Dennis Pitz, Rurtalbahn GmbH

### Start Your Digital Transformation Today!

Experience how DiLoc®|Sync can revolutionize your operations and help you achieve new levels of efficiency and safety.
